

Welcome to the Common Process Meetings

FAST/NEMA/ALS Working Group
12 July 2004

PURPOSE:

TO DO THE BEST FOR
THE FLEET

One NAVY

One Common Assessment Process

- Goal for these working group meetings
 - Identify Common Processes
 - Determine Requirements
 - Consolidate Effort and Eliminate Duplication
 - Example: 3M DATABASE - The Navy's Database
 - Implementation

The Global Perspective

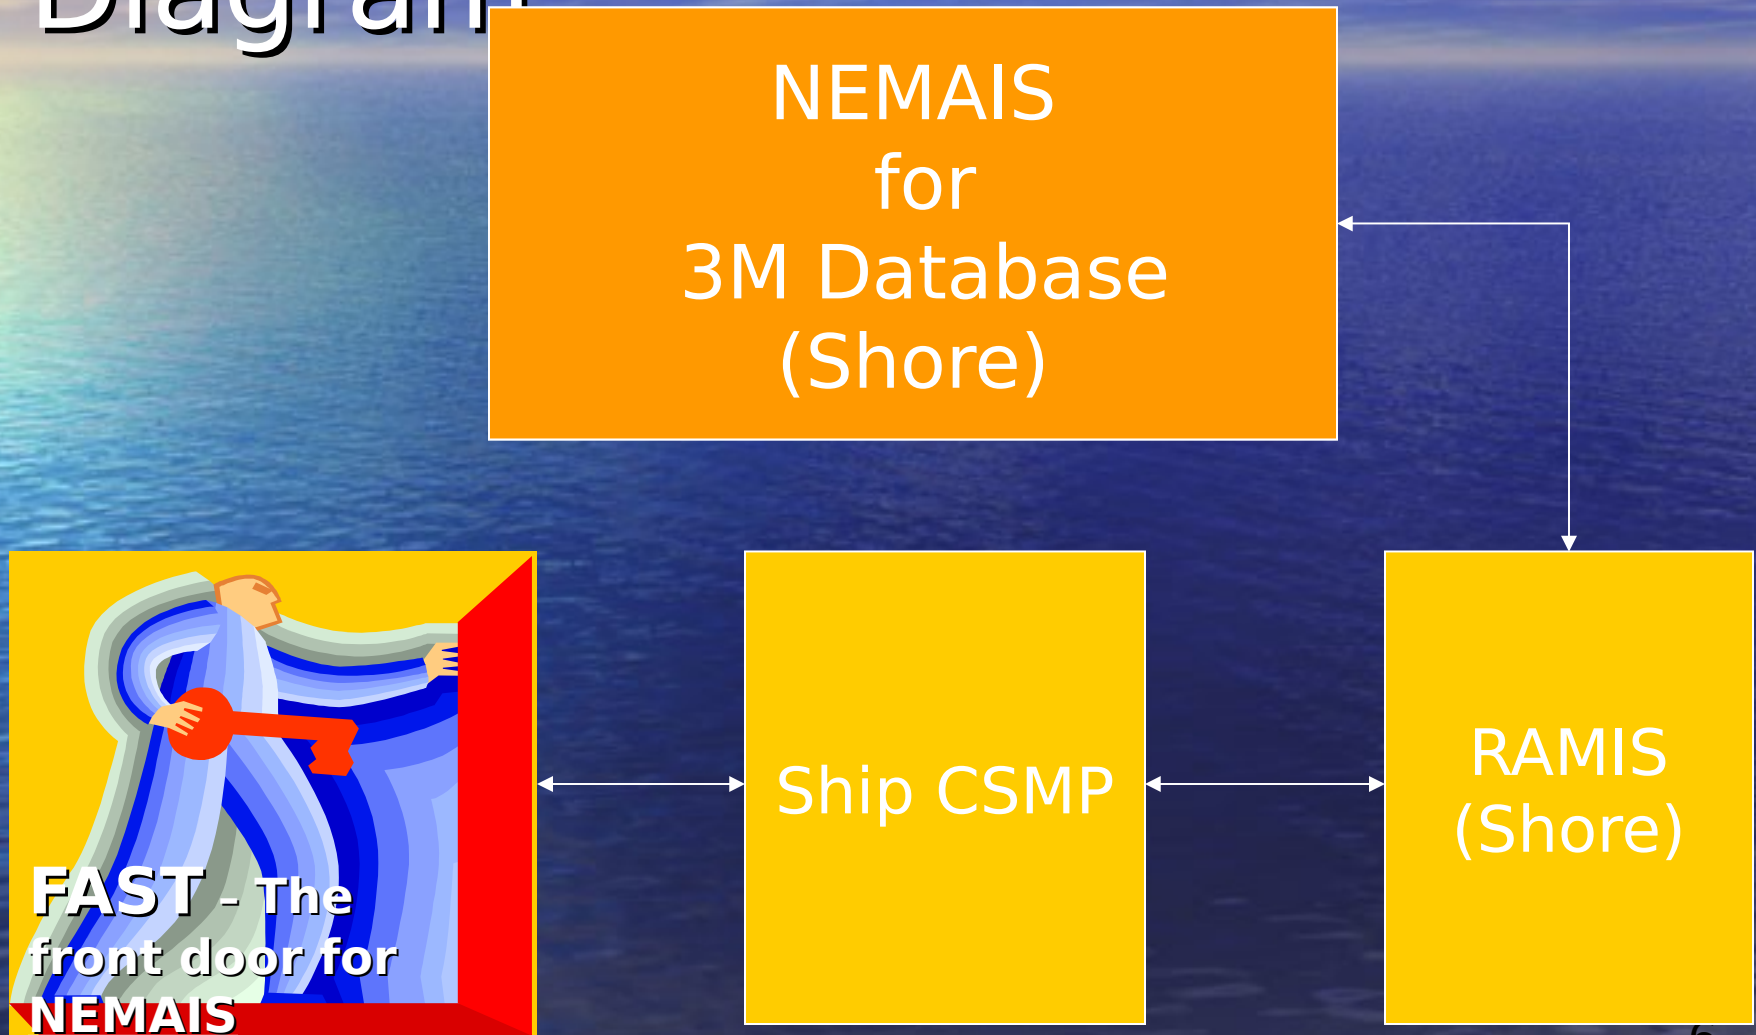

- All RMCs and RMC Detachments will use the same process to assess systems/equipments, including using one Navy database (the 3M system) and one assessment tool to document the as found conditions.
 - Bremerton, Hawaii, Japan, Italy, Texas, etc.

FAST Defined

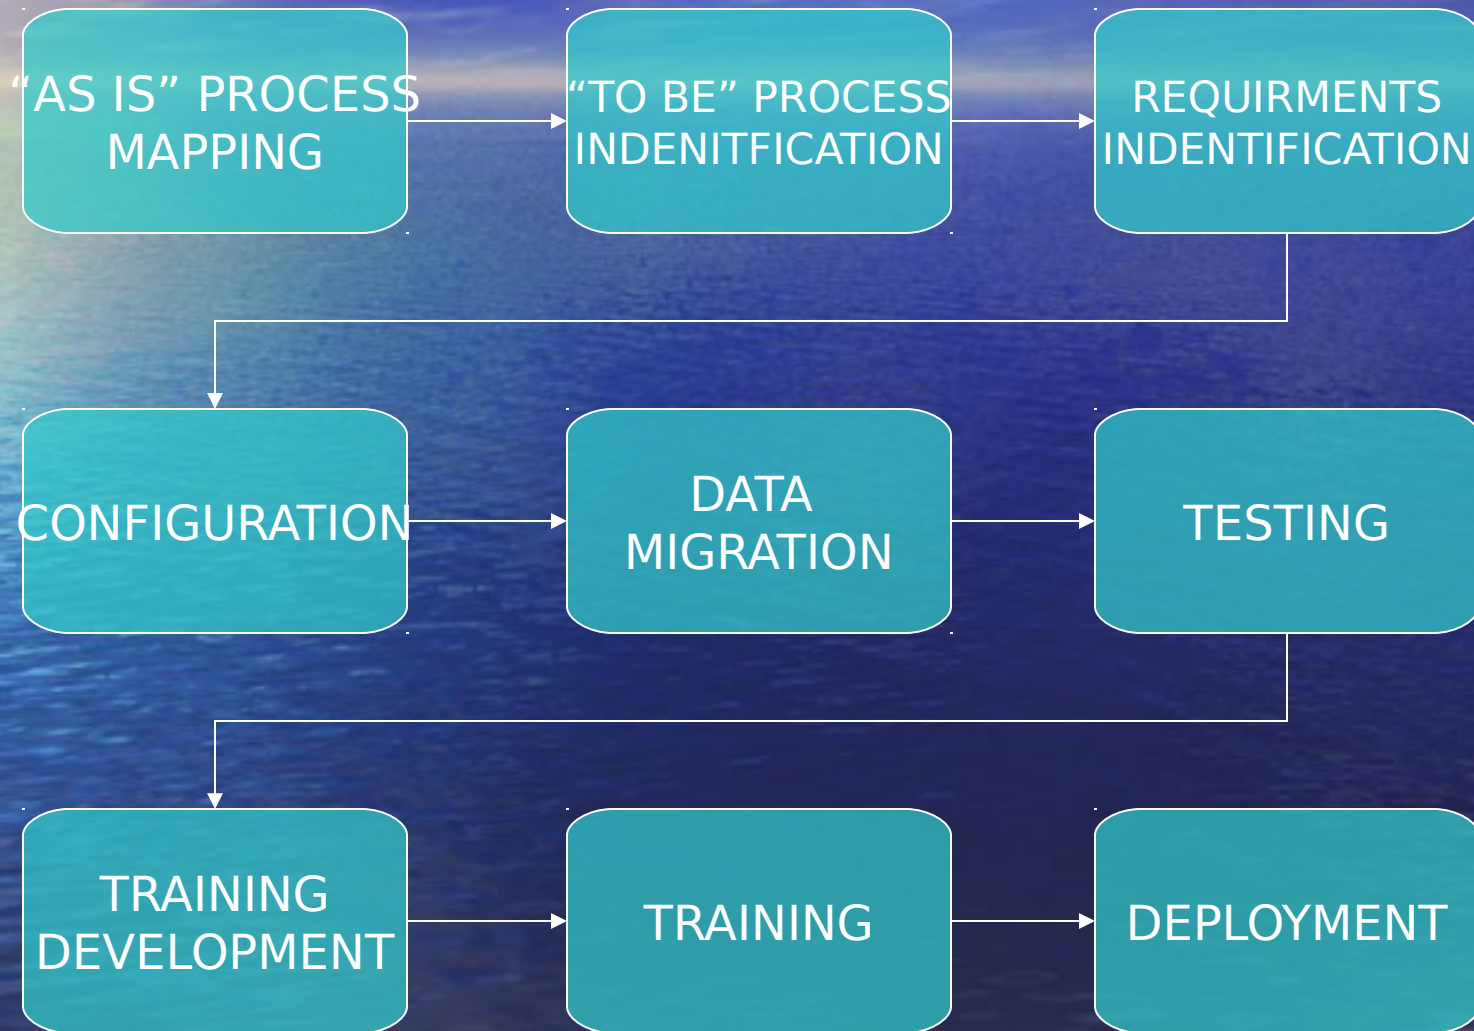

Fleet Assessment Support Tool

- A standardized tool that can be used to tailor assessment packages, plan and manage assessment visits, produce maintenance-ready 2 kilos and generate 4790 CKs on the deck plates
- Designed to be modular, upgradeable
- Will meet the requirements of assessment visits and tech assists
- Written in new Microsoft .NET environment, NMCI Compatible and meet Task Force Web requirements.
- Completely documented, Fleet-owned source code

ERP PROCESS

FAST Process Relationship

NEMAIS Deployment Schedule

- Current focus:
 - SWRMC/MARMC
 - Portsmouth
 - Ingleside, TX
 - 2005 Roll out to Japan
- Navy Convergence Program has yet to release dates for other areas of focus, such as assessments
- When will NEMAIS be Navy wide???
